## WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

## 8. SHOWING

The enclosed statement will show that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent. The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

## 9. PETITIONER(S) REQUESTS THAT THE DELAYED PAYMENT OF THE MAINTENANCE FEE BE ACCEPTED AND THE PATENT REINSTATED.

**STATEMENT OF CHRISTINE A. LAMBERT IN SUPPORT OF PETITION TO ACCEPT  
UNAVOIDABLY DELAYED PAYMENT OF MAINTENANCE FEE**

Mail Stop Petition  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313

S I R:

I, Christine A. Lambert, am administrative assistant to petitioner herein and in that capacity I am responsible for keeping the docket and preparing documents for filing at the US Patent and Trademark Office.

I maintain both a computerized docket and a manual docket and I entered the due dates for the maintenance fees in this patent in both docket systems as shown by the attached relevant pages from those dockets. The third and final maintenance fee for this patent was due on October 26, 2011. On October 25, 2011, I prepared the necessary documents and submitted payment of the maintenance fee plus a \$65 surcharge for payment within the six-month grace period.

I print out the Patent Office fee schedules when they change and refer to the printed schedules when necessary. In the course of preparing the papers for paying the maintenance fee in this patent I referred to a printed schedule of Patent Office fees. Unfortunately, rather than the new fee schedule which had recently become available, I inadvertently picked up and used the previous fee schedule. Unfortunately, the new printed fee schedule required a larger maintenance fee payment than required in the old fee schedule. As a result, the amount of the payment I made on October 25<sup>th</sup> was insufficient.

I realized my error on October 26<sup>th</sup> and phoned the Office of Finance, who told me we would be sent a notice of insufficient payment and given an opportunity to pay the deficiency. On November 4, 2011, I received a Notice of Non-Acceptance of Patent Maintenance Fee, with no opportunity to pay the deficiency. I now realize that the short payment resulted in expiration of the patent and the Office of

Finance did not have the ability to permit me to pay the deficiency without expiration of the patent. Upon receipt of the Notice of Non-Acceptance I immediately began gathering information and material to use in connection with the petition to accept the unavoidably delayed payment of the maintenance fee.

Respectfully submitted,

A handwritten signature in cursive script, reading "Christine A. Lambert". The signature is written in black ink and is positioned above the printed name.

**PETITION TO ACCEPT UNAVOIDABLY DELAYED PAYMENT OF  
MAINTENANCE FEE IN AN EXPIRED PATENT (37 CFR 1.378(b))**

Mail Stop Petition  
Commissioner for Patents  
P.O. Box 1450

S I R:

Petitioner requests acceptance of the accompanying payment of the third and final maintenance fee due in this patent and reinstatement of the patent. The third and final maintenance fee payment in this patent was due October 26, 2011, in the amount of \$2,055 plus a \$65 surcharge for payment within the six-month grace period. This payment was made on October 25, 2011, but the correct amount of the maintenance fee was \$2,365. The correct maintenance fee payment in the amount of \$2,365 and the surcharge fee of \$700 pursuant to 37 CFR 1.378 are enclosed. The payment of \$2,120 has been refunded.

Petitioner submits that in spite of reasonable care on behalf of the patentee, and taking reasonable steps to ensure timely payment, the correct maintenance fee was unavoidably not paid and this patent expired as a result. In this regard, petitioner did timely submit payment of the third and last maintenance fee in this patent, but the amount of the fee paid was insufficient. The patent had expired by the time petitioner learned that an insufficient fee had been paid.

Petitioner keeps both a computerized docket and a manual docket and the due dates for the maintenance fees in this patent were entered in both docket systems. Payment for the third and final maintenance fee for this patent was made within the statutory period, but the person making the payment inadvertently picked up and relied upon an incorrect Patent Office fee schedule that had recently been replaced by a new fee schedule requiring a larger maintenance fee than required in the old fee schedule. Accordingly, the amount of the fee paid was

insufficient. In this regard, it is noted that the new fee schedule had been printed and was available but the old schedule was picked up in error. Petitioner submits that this error is comparable to an error in a docketing system that, as noted in MPEP 2590(I), could possibly result in a finding that a delay in payment was unavoidable if it is shown that reasonable care was exercised in designing and operating the system and that the patentee took reasonable steps to ensure that the patent was entered into the system to ensure timely payment of the maintenance fees – which clearly was done in this case.

Attached are copies of:

Relevant pages from petitioner's computerized and manual docket entries;

The maintenance fee transmittal form used to submit payment of the maintenance fee in October 2011;

The date-stamped card showing receipt of the payment by the Patent Office;

The PTO notice of non-acceptance of the maintenance fee;

Form PTO/SB/65.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Dennis H. Lambert", with a stylized flourish at the end.
